

How to add the Shielded Widget to your website

These instructions are for those on the Shopify platform

1. On www.shielded.co.nz click 'Add the website'

2. Decide which option you would like to add to your site (you should only add one).

3. Under the option you have chosen, click 'copy code'

4. Click the Online Store button

6. After clicking the customize button, this page will show up. Scroll down the left sidebar, you will see the Theme actions button. Click the Theme actions button and click Edit code

7. Search 'footer' and open the footer.liquid file

8. Scroll down the right side text filed and find the </footer> tag. Paste the code above the </footer> tag and save the changes.
